A SBA Certified HUBZone Firm

**Offering a broad array of
Healthcare, Business & IT
Consulting Services**

Denysys Corporation
Capabilities Statement

We offer federal, state and private sector entities a broad array of CONUS & OCONUS Healthcare, Business & Information Technology (IT) Consulting Services that help greatly to increase their operational effectiveness and improve their overall business performance.

Our Technical Capabilities

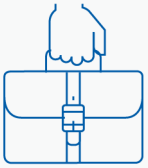

Healthcare Technology Consulting

We specialize in helping health care organizations exploit the advantages of information technology by offering comprehensive systems integration services

Information Technology (IT) Consulting

Our senior-level IT Business Consultants, combined with our innovative tools and methods help organizations establish robust and more efficient business processes

Business Consulting Services

We help clients to increase their operational effectiveness, greatly exceed their mission requirements and confidently meet their competition head-on

Staff Augmentation Solutions

We provide reliable and cost effective staffing solutions that help new and existing teams within organizations focus on mission critical business processes

The Denysys Approach

1 Our approach is flexible, iterative and involves clients in each step to ensure clearly defined expectations and superior communication

2 We listen carefully to all of your business needs and work closely with you to provide management, technology and business process solutions that help you meet your business goals

3 We gain a full understanding of all of your business expectations and goals up front which allows us to do a better, more complete job and provide the high quality, professional services you deserve

Our Mission - Our mission is to provide flawless implementation of your leading edge projects through flexible and reliable partnership with our clients

Our Goal - Our goal is to become the preferred implementation partner to our customers for their critical technology projects

We help clients respond faster to opportunities, achieve more from their operations, exceed their mission requirements and meet their competition head-on
