Brochure

Whether you are looking for a project manager, a business analyst, an architect or a developer, we have the resources to complement your team for whatever length of time you need them for.

Technical Capabilities

Program & Project Management

We provide executive and senior level program & project management services that enhance organizational performance and increase productivity. Our certified professionals have deep PM and IT expertise and work round-the-clock to aid clients in developing appropriate risk mitigation project plans, organizing schedules & meetings and gathering report metrics

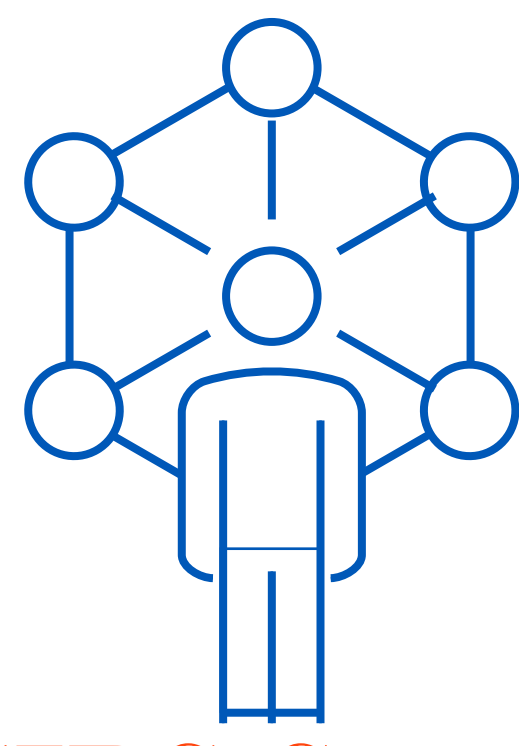

HR Operations & Technical Support

We provide full spectrum HR operations and technical support services including, Personnel Action Request (PAR) processing, Employee Benefits & Records management, Customer Service support and functional & technical support for HC's Human Resources Information System (HRIS) processes and programs

Workforce Manpower Analytics

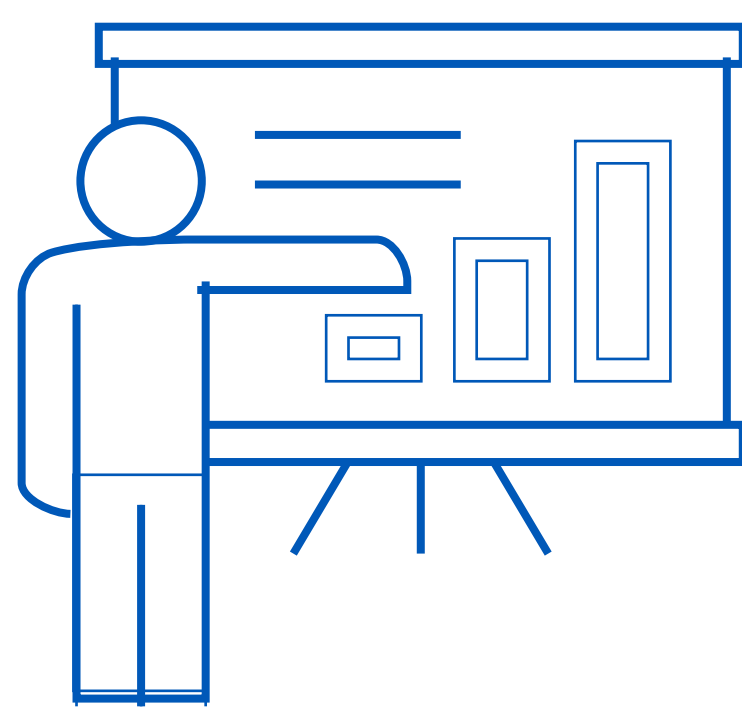

Our Workforce Manpower Analytics Service is instrumental in producing workforce data reports, facilitating reporting consistency and in supporting data-driven strategic planning tasks for agencies. We provide recurring and ad-hoc reporting & analysis solutions and develop business intelligence (BI) metrics & assessments. Our HR team conducts data reviews, program assessments, forecasting and surveys that help agencies achieve their HR goals and benchmarks

DCIPS Services Solutions

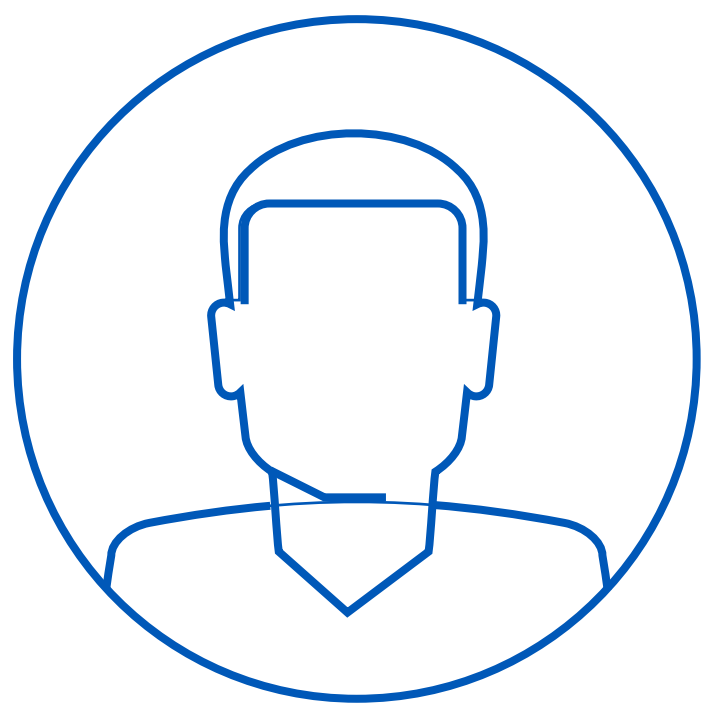

We provide ongoing Defense Civilian Intelligence Personnel System (DCIPS) service solutions which include development, execution, implementation, and sustainment of a pay for performance system in the areas of performance management, compensation, pay pools, training, communication, project management and program evaluation. (This is specific for DoD agencies).

We help clients respond faster to opportunities, achieve more from their operations, exceed their mission requirements and meet their competition head-on.
